

# Online Safety

Remember the potential risks to children

Being exposed to illegal, inappropriate or harmful **content**

Being subjected to harmful online **contact** with other users

Personal online **conduct** that increases the likelihood of / causes harm

**Commerce-based** risks (both as victims and perpetrators)

Children can be at risk from people they know (including other children), or from strangers.

Online abuse and or cybercrime might be part of other abuse and crime that is happening offline or might only happen online.

Online safety is a part of your safeguarding responsibilities - respond rapidly to all concerns using your setting's processes.
